									For additional options, see IP66 spec sheet.

## Footnotes

1. IESNA Type II Short distribution
2. Horizontal tenon mount
3. Light engine portion of extrusion is not painted and will remain natural aluminum regardless of color selection
4. Color temperature per fixture; 6000K standard; minimum 70 CRI
5. Control by others
6. Refer to dimming spec sheet for availability and additional information
7. Can't exceed the specified drive current. Consult factory if exceeding the drive current is necessary.
8. Not available with all multi-level options. Refer to multi-level spec sheet for availability and additional information
9. When code dictates fusing use time delay fuse
10. Refer to multi level spec sheet for availability and additional information
11. Sensor not included
12. Standard product features unless N option is specified
13. All connections between door and fixture are shipped unconnected from the factory; door release spring included to open door automatically when the latches are released
14. Photocell by others
15. Stainless steel aircraft cable
16. Includes exterior wattage label that reflects watts for the drive current selected. The ability to exceed drive current will be disabled.

Meets Buy American requirements within the ARRA.

**General Description**

Fixture housing is all aluminum construction. Standard fixture utilizes terminal block for power input suitable for #2–#14 AWG wire and operates at 700mA. Drive current is field switchable. Fixture is designed to mount on 1.25" IP (1.66" [42mm] O.D.) and/or 2" IP (2.375" [60mm] O.D.) horizontal tenon (minimum 8" [203mm] in length) and is adjustable +/- 5° to allow for fixture leveling (includes two axis T-level to aid in this process). Fixture carries a limited five year warranty.

**Electrical**

Modular design accommodates varied lighting output from high power, white, 6000K (+/- 500K per full fixture), minimum 70 CRI, long life LED sources. Optional 4300K (+/- 300 K per full fixture) also available. 120–277V 50/60 Hz, Class 1 LED drivers are standard. 347–480V 50/60 Hz option is available. LED drivers have power factor >90% and THD <20% at full load. Quick disconnect harness suitable for mate and break under load provided on power feed to driver for ease of maintenance. Units provided with integral 10kV surge suppression protection standard. Surge protection tested in accordance with IEEE/ANSI C62.41.2.

**Finish**

Exclusive Colorfast DeltaGuard® finish features an E-Coat epoxy primer with an ultra-durable silver powder topcoat, providing excellent resistance to corrosion, ultraviolet degradation and abrasion. Bronze, black, white and platinum bronze powder topcoats are also available. The finish is covered by our 10 year limited warranty.

Fixture and finish are endurance tested to withstand 5,000 hours of elevated ambient salt fog conditions as defined in ASTM Standard B 117.

**Testing & Compliance**

UL listed in the U.S. and Canada for wet locations. Consult factory for CE Certified products. Meets CALTrans 611 Vibration Testing and GR-63-CORE Section 4.4.1/5.4.2 Earthquake Zone 4. Certified to ANSI C136.31-2001 bridge and overpass vibration standards. Dark Sky Friendly. IDA Approved. RoHS Compliant.

Product qualified on the Design Lights Consortium ("DLC") Qualified Products List ("QPL").

**Patents**

U.S. and international patents granted and pending. BetaLED is a division of Ruud Lighting, Inc. For a listing of Ruud Lighting, Inc. patents, visit [www.uspto.gov](http://www.uspto.gov).

**No Photo Available**

**1.25" IP Pipe Sealing Kit**  
XA-XIL125IP

**Photometrics**

Independent Testing Laboratories certified test. Report No. ITL64016. Candlepower trace of 6000K, 40 LED LEDway Streetlight luminaire with IESNA Type II Short distribution. Luminaire with 7,108 initial delivered lumens operating at 700mA. All published luminaire photometric testing performed to IESNA LM-79-08 standards.

Isofootcandle plot of 6000K, 30 LED LEDway Streetlight luminaire with IESNA Type II Short distribution mounted at 25' (8m) A.F.G. Luminaire with 5,426 initial delivered lumens operating at 700mA. Initial FC at grade.
